Christmas 2023

# Welcome to 2023

A kitchen is a place where we gather to share special memories, heart-warming dishes and moments from our day. It is this quality time together that makes this space the heart of our homes. Our 2023 catalogue brings you our latest collections of beautifully designed kitchen textiles, creating a sense of nostalgia as we re-introduce our signature style.

# Frosty Trees

---

Frosty Trees utilises a contemporary pastel palette of cool pink, soft sage green and icy blue all with a bold hit of black, offset by a little golden metallic printed ink. A simple textured Christmas tree design, beautifully set on a bright white backdrop.

# Sunny Santa

Nothing says Christmas quite like... flip flops? You bet it does when Christmas is set in sunnier climates! Santa has cast off his big red suit in favour of boardshorts, a Hawaiian shirt, and a pair of sunnies. Too hot for the reindeer, a fiery red vespa helps him make the rounds.
