

EGAN

NOVELTIES
2025

Our products reflect our history and our values, over twenty years of experience in blending shapes and colours, until we reach a balance that immediately brings us to the Egan world.

Each creation is made with care and passion for details, the result of a craftsmanship that remains unique and exclusive, the heritage of those who like us are the sons of a past made of shop masters.

The work of expert hands gives us objects animated by "perfect imperfections", unquestionable brand of artisan production.

It is in this intimate and innermost process that emotion takes shape and EGAN collections arise.

A fantasy made of passion!
