Asta Barrington

Asta Barrington is an illustrator and surface pattern designer based in Bath, southwest England. Her hand-drawn artwork is rich in detailed textures and joyful color. She draws inspiration from various sources, particularly printed paper ephemera, vintage textiles, and treasures found at flea markets. In late 2018, she challenged herself to design an original alphabet using intricate graphic patterns as an extension of her Folk Flowers tray collection. She aimed for each letter to be visually striking, harmonious with others, and easily legible at any scale. The result is her vibrant Word collection for Jamida.

William Morris

William Morris (1834 - 1896)

About William Morris

William Morris (1834 - 1896) was an artist, a craftsman, poet, scholar and a revolutionary thinker. Today, he may be best known for his wallpaper and textile patterns, but his work transformed Victorian England's view on craftsmanship, design and fashion. Morris became one of the most influential figures in the Arts and Crafts movement. He began experimenting with various crafts, designing furniture and interiors. He was personally involved in the manufacture as well as design, which was the hallmark of the movement that advocated individuality and know-how over the mass production and uniformity of the industrialism.

About The William Morris Society

The William Morris Society is a charity and a cultural institution dedicated to preserving the works and heritage of William Morris, keeping his creative legacy available for future generations.

EMMA J SHIPLEY

Emma J Shipley is a British designer creating accessories and homeware for nature lovers, dreamers, and maximalists. Emma has always had a fascination with nature and wildlife, with a focus on some of the wildest places on Earth, such as the jungles of South America and the African savannah. Inspiration from Emma's travels is combined with a fervent imagination and fictional influences such as myths, legends, and fairytales, to create a unique and fantastical world of design. The designs are all hand-drawn in pencil, before being intricately digitally coloured, creating a distinctive look combining traditional and cutting-edge techniques.

The brand launched at London Fashion Week in 2012, after Emma graduated from the Royal College of Art. Emma won multiple awards for her drawing and designs on graduation, and has since won business awards in the UK and internationally, including the WGSN Global Fashion Award for Emerging Brand. The famous boutique Browns launched Emma's graduate collection of printed scarves, and her collections are now stocked in some of the best department stores and boutiques around the world, including Harrods and Liberty in London.

Emma has collaborated with high-profile brands including Disney on a Star Wars collection, Aspinal of London on printed leather bags, and Atelier Swarovski on a jewellery range.

Emma J Shipley creates magical designs that spark the imagination, to be treasured for years to come...

Maggie Taylor

Maggie Taylor grew up in Cleveland, Ohio, and moved to Florida at the age of 11. She received her Bachelor's Degree in philosophy from Yale University in 1983, where she also studied photography and art history. After receiving her MFA degree in photography from the University of Florida in 1987, Taylor spent ten years making color still-life photographs using wet darkroom technology. In 1997 she was introduced to Photoshop and transitioned immediately to working digitally, often using a flatbed scanner as her camera. She currently utilizes a variety of image-capture technologies, including a cell phone.

Taylor's elaborately layered images have been widely exhibited and reside in significant public collections. She lives on the edge of a prairie in Gainesville, FL.

MICHAEL ANGOVE

Michael trained in design at the Royal College of Art where he finely honed his individualistic approach to art and pattern. He is known for meticulously detailed, high-definition floral chinoiserie and exquisitely detailed tromp l'oeil drawing.

His specialist botanicals are created from real plants and while each design is a complex filigree of fauna they each have delicate hidden insects that make his pieces signature.

Michael's fine drawings display a rare sense of detail and skill that translate effectively and eloquently onto home and fashion product, proving popular with strong world wide sales.

His clients include Jo Malone London, Liberty, Farrow & Ball and Agent Provocateur.

Ulrica Hydman Vallien (1938 - 2018)

Ulrica lived and worked in Åfors and Stockholm and is one of Sweden's most prominent artists and designers. Her easily recognisable lithographs and original acrylic paintings with their clear and forceful expressions can be seen at the Vida Museum on the island of Öland, Sweden. Ulrica started creating her pottery in Åfors in 1964. In 1972 she began working for Kosta Boda and designed the large collections of glass entitled Happy Going, Caramba and Open Minds. Since then her painted glass blocks have remained in demand globally.

Works by Ulrica Hydman Vallien can be found in many peoples' homes. Her art glass is in demand by collectors and museums all over the world and her domestic glasses are laid on table everywhere from Sweden to New York. Today Ulrica Hydman Vallien is herself a brand. Unlike any other Swedish designer, craftsperson and artist she has cultivated her own personal style and turned it into a success story. Her design extends far beyond the glass industry and includes everything from painting aeroplanes, textiles and of course her Jamida products!

Jerry Roupe (1919-2005)

Jerry Roupe was an incredibly talented artist with a huge portfolio. She was born in Stockholm in 1919, one year after the end of the First World War. She loved the city all her life. The years after the war in Sweden brought hard times for the city folk with rationing, lack of food, and unemployment. One had to be somewhat of an inventor to survive the every day life. Jerry learned early on to view life's obstacles as problems to be solved instead of impossible challenges. When Jerry was an adolescent she already knew that she wanted to "create pictures." She was also very athletic, and some of her favorite sports that she excelled in were gymnastics, swimming, paddling, throwing the javelin and especially cross country skiing. But creating art was her main passion.

In the late 1950's and beginning of the 1960's a new idea started to develop. Printed textiles in many different colors and varieties. Flowers and leaves and fun creatures/figures printed onto tablecloths, curtains, wall hangings and runners were all filled with humor and warmth. In 1960 Jerry created the wall hanging "Tomteparaden" (Santa Parade), which turned out to be a huge success.
